D. Wayne Hedberg
Division of Oil, Gas, and Mining
355 West North Temple
3 Triad Center, Ste. 350
Salt Lake City, Utah 84180-1203

Dear Mr. Hedberg:

Enclosed is a copy of a Notice of Intent filed by David Mathews for ongoing exploration (UT-047-91-19) in T. 38 S., R. 19 W., sec 19 and T. 38 S., R. 20 W., sec. 14, 23, and 24. He is proposing additional exploration drill holes. Any comments on this notice should be made by September 25, 1991.

A copy of the Environmental Assessment/Decision Record for Tenneco's exploration on the Goldsil or Perry property (UT-047-91-15P) is also enclosed for your records.

During a recent field check, it was found that part of the work done by Gus Pendleton under a 1983 NOI was done in T. 43 S., R. 15 W., sec. 18 on State land. A copy of the notice filed with us, a location map, and a recent photo of the disturbance are enclosed.

On Friday, September 13, you had a discussion with the Area geologist, Larry Gore, concerning the Division of Oil, Gas, and Mining's permit requirements for decorative stone and cinders. As discussed, all cinders on the Dixie Resource Area are considered salable and decorative stone is handled as either locatable or salable, depending on the circumstances. The Memorandum of Understanding (1989) only deals with locatable minerals, so we have not been working with you on salable permits. The permits for salable material contain a stipulation that State regulations will be complied with, so it is the permittee's responsibility to obtain the DOGM permit. However, we need to know what materials and/or quantities DOGM is concerned with, so we can point this out to the affected permittees. Any pamphlets or handouts for the public concerning the State mining regulations would also be helpful.

If you have any comments or questions, please contact Larry Gore at this office.

Sincerely,

David Everett
Acting Area Manager

WORK DONE UNDER NOI 83-06N (GUS PENDLETON)

The road is approximately on the section line between T. 43 S, R. 15 W, sec. 18 (foreground) and T. 43 S, R. 16 W., sec. 13 (background). The disturbance on the foreground side of the road is on State land.

The photo is made looking west - south is on the left side of the photo.
